WELCOME THE HUMAN TRAIN as it arrives in Sorauren Park from its journey through neighbourhood Whistle Stops along the tracks.

Come to the **RALLY** in Sorauren Park at 1 pm, Saturday, September 26.
At 2:30 pm, join the **MARCH** through Queen Street West. Rain or shine!

Bring your family, friends and neighbours! Make a banner, bring noisemakers, wear something “Clean Train” blue!

Together we will send a powerful message to Premier Dalton McGuinty:

“Premier McGuinty, the plan to send over 450 toxic diesel trains per day through our communities is an outrage. This plan is completely out of step with current environmental awareness and values. It is a threat to human health—especially the health of children and seniors.

Electric trains are cleaner and quieter and have been in use in thousands of communities around the world—for decades. It is time that you step in and exercise your authority by directing Metrolinx to scrap its diesel agenda and move immediately to the use of electric trains.”
